

AtlanticOER Development Grants Program Assessment Rubric

Created: March 5, 2021

Last Updated: March 17, 2021

Completed by: [insert name here]

Rating Scale: 1-5 with 1=Poor, 5=Excellent

Criteria	Applicant 1	Applicant 2	Applicant 3
Project description and goals are clearly stated in the proposal			
Key activities for this project, including any anticipated key milestones or decision points, are clearly stated.			
Proposed OER project key activities and milestones are attainable in three semesters			
The credit bearing course where the OER material will be used is clearly indicated			
Applicant(s) provided a clear and reasonable budget			
There is a commitment to the sustainability of the resource, ex. keeping content current			
Their potential impact on student experience in the form of:			
High-quality materials			
A commitment to sharing the material under a license which is as open as possible (ex., Creative Commons licenses) Note: Traditional knowledge materials may be subject to less open sharing restrictions due to indigenous cultural protocols, so they should be assessed in that light.			
Potential influence of project on practice(s) at the department/faculty/institution
